DEVELOPMENT INC.

2022 IN REVIEW

M To-Pros is excited to take 2023 by storm! In 2022 we expanded our services and clientele to include one of the largest tech companies in the world, and we are thrilled to see this relationship grow in 2023 with new and ambitious projects. We have also begun working with Port Authority of New York and New Jersey, and will continue to grow that relationship in 2023 with more opportunities. Our work with NYC DDC is also flourishing, and we've been proud to recently work as a Prime Consultant with them on an emergency humanitarian project.

M TO-PROS NEWS

What a Great Honor!

The Port Authority of New York and New Jersey recently selected 4 companies to be a part of a public campaign to promote their small business program, and M To-Pros is proud to not only have been selected, but also to be the only Latinx woman-owned business represented. Keep your eyes peeled for our ad, featured on screens and signs across PANYNJ transit locations and on social media!
